Welcome Message

Dear **Friends and Colleagues,**

It is with great pleasure and a deep sense of purpose that we welcome you to **IJCTO 2025**, an academic forum devoted to the art and science of complex coronary interventions. Over the years, **IJCTO** has emerged as a distinguished platform, uniting pioneers, practitioners, and passionate learners in the field of interventional cardiology. Our mission is clear - to demystify complexity, embrace innovation, and uphold the highest standards of patient care through continuous education and dialogue.

This year's meeting promises a rich tapestry of knowledge from expertly curated scientific sessions and masterclass discussions to case demonstrations that highlight real-world decision-making and technique. We are privileged to host an eminent faculty - both national and international - whose expertise and commitment to teaching continue to inspire.

I extend my heartfelt gratitude to each of you for joining us. Your participation is the cornerstone of this endeavour. Together, let us foster an environment of thoughtful exchange, shared experience, and professional fellowship.

On behalf of the entire organizing committee, I welcome you to **IJCTO 2025** and look forward to an engaging and meaningful journey over the course of the meeting.

Warm regards,

Dr. P K Goel
